MSCSA opposes tuition increase

The Minnesota State College Student Association, in its December meeting, supported recommendations by the State College Board that would stabilize the severe faculty reductions and student enrollment declines which the state colleges have suffered this year.

One recommendation by the SCB would in effect establish a new criterion for staffing on the basis of academic programming rather than on as strict formula of one teacher for every nineteen students. The 19 to 1 formula is a major factor in the loss of 167 teachers from the state colleges this year.

(The following resolution concerning new staffing formulas and increases in tuition was unanimously passed by the MSCSA delegate assembly.)

We, the students of the Minnesota State College System, are acutely aware of the increasing costs of higher education and realize the position of the State of Minnesota. Considering the facts we would like to make you aware of our financial position.

As students and young adults, we work to pay for our college expenses. However, we find it difficult to raise funds for college due to lack of job availability. Financial aids provided by State and Federal monies help many students who could not otherwise attend college. However, the colleges still find themselves turning away students who have demonstrated a need for financial assistance because of the shortage of adequate financial aids funds. Students who desire to gain further education should have that opportunity without incurring significant amounts of indebtedness, which a raise in tuition would make inevitable.

The facilities of the Minnesota State College System are among the finest in the nation. These facilities, however, are useless unless they are readily accessible to all students.

In order to fully utilize the excess capacity and maximize the investment of the state in our institutions and resources, we must keep the doors to higher education open.

The taxpayers of the State of Minnesota have taken it upon themselves to provide funds for the State College System. It is important that we retain and add to our present student enrollments, which an increase in tuition would certainly hinder.

We feel that any increase in tuition, even with additional financial aids funds, would promote a vicious cycle: a tuition raise causes fewer students to attend college--this in turn causes faculty cuts resulting in a decrease in the quality of education in our great state--this decrease in the quality of education will mean further declines in enrollment including those students who could possibly afford a college education. This in turn would require an additional increase in tuition to keep the colleges operating.

Looking back on the tuition increase in the 1970-71 school year we can see the beginnings of our present declining enrollment. An increase in tuition in the 1973-74 school year could perpetuate further enrollment decreases.

We, the students of the Minnesota State College System, oppose any further increase in the per cent of the cost of higher education borne by the students via tuition.

A second recommendation by the SCB to the High Education Coordinating Commission urged that tuition not be increased for the state colleges. The student association agreed that an increase during a period of decreasing enrollment would only discourage students, 41 per cent of whom come from families with incomes under \$7,500 per year, from attending college, a condition which would cause further staff reductions.

Another result of declining student enrollments is increased vacancies in dormitories. In an effort to reverse this trend, the MSCSA recognized the Minnesota College and University Residence Hall Association as a co-lobbyist in its attempts to make dormitory living more

Woman's course offered off-campus

"A Woman's Place?" is the topic of an off-campus course being offered this quarter by the sociology department under Sociology 480, Seminar in Sociology.

The course is held Saturdays from 9 a.m. to 11:30 a.m., and 12:30 p.m. to 2:00 p.m. in the Winona Senior High School. Classes began Jan. 6.

Four elective credits will be granted for the course which may apply toward either the Sociology or the Business Administration majors.

Instructors for the course are Larry D. Connell, head of the Sociology Department and Judy Gernander, head of the Department of Business Administration and Economics.

The purpose of the course, as noted by Judy Gernander, is to investigate the status of women in today's society, with particular emphasis on the attitudes of society toward women in professional and family, and social situations. "The course," said Gernander, "is designed to point out the blatant forms of discrimination in today's society as well as more subtle forms such as identification of married women by the appellation, Mrs., followed by her husband's given name and surname, rather than by her given name. Although this may seem a small matter, it is certainly one that no married male faces and as such it is indicative of more serious discrimination at work in today's society."

The classes will include the history of women's movements, the psychology of women, socialization of women, the education of women, advertising and its approach to women, women and the law, the changing roles of women, women and work, and the American male and women.

Students may secure further information regarding the course by contacting Dr. Ivan Olson, Director of Continuing Education, Winona State College.

Committee openings

The Student Senate has announced that there are openings in the following College Committees: Student Activity Fund Committee, Constitutional Drafting Committee, A2C2, Coordinating Committee, Freshman and Sophomore vacancies on the Student Senate and Press Secretary for MSCSA. If you have any questions about any of these openings feel free to call or drop in the Senate Office 2085. Applications will be taken at the Senate Office in the Smog.

Penny begins duties as MSCSA lobbyist

At their December meeting, the MSCSA set a list of legislative priorities for Tim Penny, the MSCSA lobbyist. Penny, a WSC student, was elected as lobbyist at the November meeting.

Priorities on the list include working to gain full credit value for transfer in any state, increase in aid to needy students including loans, continuing financial aid to higher education, and placement of a student representative on the State College Board.

Penny, the WSC student body president, will be working in St. Paul during this legislative session.

Funding of the lobbyist during the session will come from students in the system. Each college can devise their own means of raising the necessary \$500.00 base that was established.

Around the State

Mankato State

In a poll conducted among the students at Mankato State, marijuana usage was third only after alcohol and aspirin.

Mankato's Daily Reporter celebrated its second anniversary of daily publication. The Mankato Daily Reporter is one of only two students newspapers in Minnesota that are daily, the other is the U. of M. Daily.

MSC faculty members are working to involve legislators in a positive way and establish goodwill toward the college with their "Take a Legislator to Lunch" Campaign.

MSC now offers a wide variety of experimental study programs in almost every department.

Student Senate elections were validated after a good deal of controversy involving unauthorized voters, incorrect marking of ballots and misspelling of two candidate's names.

MSC is urging each student to actively recruit students in order to boost the declining enrollment that has hit the Minnesota State College System.

Southwest State

Russ Stanton, a former SMCS student, defeated incumbent W.C. Fischer in the November election. Fischer had requested a recount, and the recount showed Stanton with a 50 vote margin.

SMSC received a \$774,098 Kellogg Grant to assist people in the countryside to identify and attack rural problems.

Moorhead State

The residence hall at Moorhead State have been the site of three fires lately.

Interaction groups are being conducted by the MSC Counseling Center. It involves a discussion of individual and group experiences, reactions, perceptions, feelings and behavior.

MSC may lose 35 faculty members because of the enrollment decrease in the Minnesota State College system.

The Student Senate is trying to form a systematic faculty evaluation so that all departments can be evaluated according to SCB 804.

St. Cloud State

Faculty at SCS will not be affected by the cuts in the Minnesota State College System, according to President Charles Graham. SCS had anticipated a decrease last fall and had not filled all of the allocated faculty positions at that time.

Alex Stach, former SCS sociology teacher, lost his plea to the State College Board for renewal of this teaching contract.

The future of the Homecoming Queen at SCS was questioned and came to a vote. Students voted to keep the Homecoming Queen as a Major Events Council activity.

Hiding info runs twice the cost of releasing it

WASHINGTON (LNS)--The government is spending twice as much to hide information as it spends on public information programs, according to Rep. Moorhead of Pennsylvania. The congressman's figures, which may ex-

Urban Corps offering internships in Cities

The Urban Corps is once again offering internships in the Twin City metropolitan area which are open to all interested students.

At the present time, participation in the Urban Corps is made available, though not guaranteed, by eligibility in the Work-study program. If you are not eligible for Work-Study there are two alternatives available to you.

The first alternative is to return an application with a letter stating that you are interested

in working as a semi-volunteer for credit. In this case, any regular Urban Corps position is open. A stipend of \$20 per week for 40 hours is available for students participating in this manner.

You may return the application indicating that you are not eligible for Work-Study. Urban Corps has applied for a number of grants and foundation funds. Upon notification of funding approval, students will be contacted and if you are

interested in the particular program that was funded, an interview will be arranged.

If you are interested in an internship in a field or agency that is not currently part of the program, in most cases it is possible for the Urban Corps to develop one for you. Tailor-made internships can be drawn up to suit academic requirements, geographical location, mobility, interest, and the amount of time you have to spend on an internship.

The Urban Corps requires from students a commitment to work for at least ten weeks, preferably for forty hours a week, but at least for fifteen hours. Students must also certify their participation in this off-campus Work-Study program or verify that you will be receiving academic credit.

The Urban Corps will attempt to develop an internship that will satisfy your needs and desires, help communicate with academic advisors, monitor your internship about every two weeks to see if you are having difficulties or want to have someone to talk to about it, and be open to complaints and suggestions.

Internships are available in the areas of city planning, social service, recreation, criminal justice, counseling, communications, and journalism, research, finance, personnel, date processing, health and education.

Students who are interested in one of these positions for either spring quarter or for the summer should apply soon. Application blanks and further information may be obtained from Bob Tritz in Somsen 216.

Oslo exchange students chosen

Two Winona State College students have been selected to participate in the Oslo, Norway, Exchange Program for the 1973-74 academic year.

They are Debra Gay Erickson, 20, a junior speech major from So. St. Paul, and Bruce M. Ni-

chols, 20, a psychology major from Trempealeau, Wis.

Both are expected to enroll in Oslo's Laererskole, in exchange for the anticipated enrollment of two Norwegian students at Winona State.

The Winona State-Oslo Laererskole Exchange Program is in its thirteenth year.

Miss Erickson, a 1970 graduate of South St. Paul high school, is the daughter of Mr. and Mrs. Vernon Erickson, 552 Star Lane, South St. Paul. She is secretary-treasurer of the Winona State Speech association, a member of the campus theatre group, the Wenonah Players, vice president of Alpha Xi Delta sorority, and recorder for the Winona State Chapter of Pi Kappa Delta national honorary forensics fraternity.

Grant to promote regionalism

Winona's three colleges and the Winona County Historical Society have received a \$12,064 grant from the Minnesota Humanities Commission to promote regionalism in Planning Region 10, the 11-county area of southeast Minnesota.

The first phase of the project--"Perspectives on Regionalism"--will feature 16 public lectures and panel discussions at the sponsoring institutions, beginning in late January and ending June 30, 1973.

Humanists from St. Mary's College, the College of St. Teresa and Winona State College, and other "appropriate persons," will discuss the "historical, literary, demographic, economic, ecological, political and social aspects of regionalism and their impact on residents of Planning Region 10," according to Dr. Ahmed El-Afandi of the WSC Political Science department, project coordinator.

The second phase will consist of televised presentations on the same subjects throughout the region, and possibly on a commercial television station, Dr. El-Afandi said.

"The video tapes," he added, "could serve as the basis for further public discussion of the subjects."

Phase three will involve four or five appearances by the speakers at the county seats of each

of the 10 counties outside Winona: Rice, Goodhue, Wabasha, Steele, Dodge, Olmsted, Freeborn, Mower, Fillmore and Houston.

The National Endowment for the Humanities, established by Congress to study the human factors of modern life, has subsidiaries

in each of the United States. The Minnesota Humanities Commission's theme for the coming year is "Regionalism."

Organizations wishing to schedule speakers are invited to contact Dr. El-Afandi at Winona State College.

Ed. Admin. liaison elected

Jerry Williams, Lewiston high school principal, has been elected president of a newly formed committee to provide liaison between the Educational Education department of Winona State College and area school administrators.

Dr. Leslie Kloempken, head of the new WSC department, said the Advisory Committee for the Specialist (ED.S) Degree in Educational Administration is planning one-day workshops on such topics

as human relations, the management team concept, leadership and group dynamics, grievance procedures for teachers and "other areas of concern to school administrators."

He said the committee will also publicize and help keep administrators informed about course offerings in the department and its Bureau of Educational Research.

Dr. Kloempken also said the committee will advise his depart-

ment on curricular needs and "also help evaluate departmental offerings relative to the needs of school administrators."

Ex-officio members from Winona State are Dr. Donald Warner, vice president for academic affairs; Dr. Wesley Matson, dean of education; Dr. Ivan Olson, assistant dean of graduate studies; Dr. Everett Walden, professor of educational administration; and Dr. Kloempken.

DCPA urges student involvement

Student emergency teams, formed on the campuses of universities and colleges across the Nation, can lend valuable assistance to their own or adjacent communities in event of major disaster.

Following a review by his agency of the performance and potential uses of organized student groups, John E. Davis, Director of the Defense Civil Preparedness Agency, announced that he encourages local government to use student teams or aid in their formation.

The announcement on use of the student groups follows a review of the broadened mission assigned the Defense Civil Preparedness Agency, which replaced and assumed the functions of the Office of Civil Defense, Department of Defense, on May 5.

The Director points out, however, that a decision to use a student team in disaster prevention and control lies entirely within the jurisdiction of local government; and that the Federal Go-

vernment can only suggest the measure in the interest of promoting civil preparedness nationwide.

"The need for, and scope of operation of such teams must be carefully established in consultations between student government leaders and local officials," Davis said, "and in disaster situations, the teams should work under the direct control of local emergency agencies."

As examples of the type of activity considered, organized groups of students performed effectively in the wake of a tornado which struck Lubbock, Texas in May, 1970; the Red Cross has organized student teams in California which carry out mass feeding operations in disaster; and groups of students at Northern Iowa University at Waterloo and Iowa University at Iowa City are organized to assist in flood control operations, mass feeding, traffic control, and emergency housing projects, under the direction of county civil defense organizations.

The student population of U.S. college and universities, in general, should be encouraged to take emergency training, Davis maintains, because their youth, physical ability, and enthusiasm for public service eminently qualify them to serve effectively in emergencies.

Training in disaster skills for student teams and for the individual student is available through both the Red Cross and local civil defense organizations.

The Red Cross provides courses in first aid and emergency mass feeding through its local chapters.

Local civil defense or emergency service units can provide or arrange for training in medical self-help, firemanship, auxiliary police operations, and to a limited degree, rescue operations. A course in fire prevention and safety, for example, may be particularly valuable for the student who lives in or helps operate a fraternity or sorority house.

Housing questionnaire return asked

Nearly 31 per cent of Minnesota State College System students surveyed regarding their opinions on how to improve on-campus student housing have returned their questionnaires, according to John T. Lynch, chairman, Higher Education Task Force of the Governor's Loaned Executives Action Program (LEAP). Lynch said that nearly 9,500 questionnaires were mailed in late November to a sampling of students at all state colleges. The sampling included both on- and off-campus students.

Thus far nearly 3,000 questionnaires have been returned, said

Lynch. Of these, half come from on-campus residents and half from students living off-campus.

"We would like to see more returns from those students who live off-campus, since they outnumber on-campus residents by more than two to one. This will help us to more precisely determine the opinions of this important group of students," said Lynch.

"Results of the survey will be used as a basis for recommendations by the LEAP task force on ways in which on-campus housing can better suit the needs and desires of all students," he said.

Tutoring easier for vets now

GI Bill students with academic problems can get Veterans Administration financed tutoring more easily under the provisions of a law that became effective Oct. 24.

The new law, which also increased educational benefits, removed the requirement that a student must be failing a course to be eligible for a VA-paid tutor. It also made tutoring available for the first time to wives, widows and children studying under the agency's Dependents' Educational Assistance program.

Tutorial assistance first became available in March 1970. It was designed for veterans and servicemen studying on a half-time basis at post secondary level

who needed help in passing courses essential to their programs of education.

For this help, VA paid tutors up to \$50 for each month or portion of a month they tutored up to a maximum of nine months.

Under the new law, however, VA pays tutors for the actual time they tutor, up to a maximum of \$50 a month. This tends to "stretch" tutorial benefits which eligible persons may continue to use until a total of \$450 is exhausted.

Neither law charges tutorial assistance against the veteran's basic educational entitlement earned during military service, VA officials pointed out.

Poetry contest offered

The Kansas City Poetry Contests are a combined effort to discover poems of excellence. Feb. 1, 1973 is the deadline for entering the contest. To obtain complete contest rules, send a stamped self-addressed envelope to Poetry Contest, P.O. Box 5313, Kansas City, Mo. 64131.

Top prize in the tenth annual event is the Devins Award of \$500 cash and consideration for publication of a book-length poetry manuscript by the University of Missouri Press. The Devins Award is open to all poets.

Hallmark Honor prizes of \$100 each will be awarded to six poets for individual poems. Only full-time undergraduate College students are eligible for the Hallmark awards.

Kansas City Star Awards of \$100 each will go to four poets for single poems, without regard to age or residence within the United States.

Poets with national reputations will judge the contests.

Winners will be announced April 26, 1973 at the final program of the 1972-73 American Poets Series conducted by the Kansas City Jewish Community Center.

MSCSA opposes proposals

(Continued From Page 1)

living more attractive to greater numbers of students thereby offsetting financial deficits incurred by the state college residence halls.

Athletics also came under the scrutiny of the MSCSA. An investigation of the inequities between men's and women's intercollegiate athletics was assigned to a committee. A report will be forthcoming in early 1973. Further, the association supported in principle a limitation on money spent by inter-collegiate athletics for non-conference games played against rivals over 250 miles from the home school.

MSCSA will hold its January meeting this weekend at Mankato.

Goldwater: 6 + 6 = 52

"... Just consider the fact that about 6% of the people in this world are Americans and they live on about 6% of the real estate of this world. They own over 52% of everything of material worth the world has to offer."

--Senator Barry Goldwater reflecting on the glories of America at the Republican National Convention, August 21, 1972.

There will be a meeting for all Winonan staff members and interested persons in Phelps 101 tonight at 7:30.

Seventy-one days till spring

And the snow fell,
drifting down from the heavens
and lightly piling up.

And the snow fell as
travel advisories were posted
and cars were stuck and
road crews were sent out.

And the snow fell
as walking became harder
so falling in the snow was
the order of the day.

And when the snow stopped
shovels were brought out,
and the lucky ones had snow
blowers.

Sidewalks were cleaned,
driveways were cleared,

Most of the schools closed,
But of course not us!

And the wind began to blow. . .

Bus provided to OF MICE AND MEN, Guthrie touring production in LaCrosse Jan. 21

A limited number of tickets have been reserved for WSC students wishing to attend the Guthrie Theatre's touring production of John Steinbeck's *OF MICE AND MEN* at Viterbo College in LaCrosse, Wisconsin on Sunday evening, Jan. 21.

Bus service to the event has been arranged and will leave from the WSC Student Union at 7:15 p.m. on Jan. 21, returning to Winona immediately following the production. Cost per person will be \$3.00 (tickets at \$2.50 and approximately 50¢ for the round-trip bus fare). Interested persons should sign up at the main desk of the Student Union no later than

this Friday, Jan. 12.

OF MICE AND MEN, John Steinbeck's beautifully simple and moving story of two men in search of their dream, vividly recreates the longing and rootlessness of Depression-era rural America.

They sign on as hired farmhands, hoping to save enough money for the downpayment on a farm of their own, but their hopes are crushed by tragic violence.

Directed by Len Cariou, Guthrie associate director, *OF MICE AND MEN* was the most heavily-attended production of the 1972 Guthrie Theatre season and received standing ovations night after night.

OF MICE AND MEN

BY JOHN STEINBECK

Two men search for their dream in rural America of the 1930's

Movie Preview

Playing at your friendly neighborhood movie theatre this week will be the following flicks:

Surely to receive an Oscar nomination for her performance in *LADY SINGS THE BLUES*, is Diana Ross, who portrays blues singer Billie Holiday. Reviews have labeled Miss Ross as a "blazing new musical actress," "dazzling, and "a new star." One of the best of 1972 - don't miss it.

Back on the scene again is Mike Nichols' *CATCH 22*, starring Alan Arkin and an all-star cast. It is the tale of flyers on a tight little island community in the Mediterranean in 1944.

And the National Organization for the Reform of Marijuana Laws will present the 1936 classic *REEFER MADNESS*, plus a short on dope-smoking in Egypt in the 1930's, *SINISTER HARVEST*. "Hilarious when viewed from the other side of the generation gap," says Keven Saunders of ABC-TV.

DANIAL SCHORR, the well-known broadcast journalist with CBS News, will lecture in the Fieldhouse at St. Mary's College on Sunday at 8:15 p.m. Admission to the third event of the 1972-73 Concerts and Lectures Series will be by college I.D. at the door Sunday night.

... ALWAYS DISTINCTIVELY DIFFERENT

THE WARRIORS' Scott Miller defeated Bemidji's Brad Dale 4-3 as he pulled off a reversal in the final minute of the match. Miller wasn't the only Warrior to win as the Warriors handed nationally ranked Bemidji State a 21-9 defeat.

Grapplers stun Beavers 21-9

Bemidji State brought a powerful and nationally ranked wrestling team to Winona Saturday night for a Northern Intercollegiate Conference dual meet with Winona State.

But the Warriors were unpulsed by the Beavers' No. 2 rating in the nation--and handed the defending NIC champions a stunning 21-9 setback.

The Warriors, in their first dual of the season, claimed seven of 10 matches, including the first four to take what proved to be an insurmountable 12-0 lead. And after the Beavers won two matches, WSC claimed the next three to sew things up.

"So we beat Bemidji," WSC coach Fran McCann said afterward. "We may have a slight edge on them now, but we know they'll be tougher later on--just

like last year."

WSC beat Bemidji last year in a dual meet, but the Beavers bounced back to take the NIC crown away from the Warriors.

Scott Miller, Kelly Stephens, Mal Squires and Lynn Babcock started the Warriors rolling with decisions at 118, 126, 134 and 142 pounds.

Miller trailed Brad Dale 3-2 but pulled off a reversal in the final minute to cop a 4-3 victory. Stephens notched three takedowns enroute to a 9-3 triumph over Jim Young. Squires stopped Murray Tiedemann 7-3. Babcock, who cut 12 pounds since Friday to make weight, recorded a takedown and a near fall in the first period and then held off Brian Wayne for an 8-5 victory.

Babcock was beaten by Paul Schutz in the latest wrestle-offs

conducted by McCann, but Schutz, a promising sophomore from Cal-Edonia, Minn., announced he was quitting the team for personal reasons.

Bemidji's two veteran performers, Roger DeMarais and Bob Dettmer, won at 150 and 158, DeMarais disposing of Randy Hardy 6-1 and Dettmer, claiming his 75th collegiate victory, whipped Dave Oelkers 14-5.

But sophomores Jeff Olson (167) and Ernie Middleton (177) registered back-to-back decisions for the Warriors and the visitors were quickly down by 12 points again. Olson decisioned Roger Rowbotham 8-3 and Middleton, Mike Agre 4-1.

Graig Halvorson added a 7-3 decision over Bob Whelan for Winona's last win at 190 before Bemidji heavyweight concluded the dual with an 6-4 decision over Kevin Immel.

The Warriors will be in action Friday and Saturday as they travel to Southwest State for another NIC dual Friday and to South Dakota State for a nonconference matchup Saturday.

Warriors down Moorhead 73-62 in 2 overtimes

MOORHEAD, Minn. (Jan. 6)--Winona State outscored Moorhead State 17-6 in the second overtime to capture a 73-62 Northern Intercollegiate Conference triumph here tonight.

Ron Evjen, a 6-1 senior guard in only his second start of the season, provided much of the heroics for the Warriors as he stepped in for the benched Herschel Lewis to score six of his game and career high 23 points--most from long range--in the second overtime.

The Warriors had pulled to a 32-26 halftime lead, but a scoreless spell of more than eight minutes enabled Moorhead to take the lead, reeling off 15 unanswered points in one span.

Gus Johnson knotted the score

at 54-all when he tallied a tipin. Roscoe Young missed a pair of free throws which would have won it for WSC, but Evjen came up with a crucial steal that sent the game into overtime.

In the first extra period, Mel Halbert and Moorhead's Paul Hanson scored before WSC controlled the ball for almost four minutes. A shot by Dean Renneke of Moorhead was ruled after the buzzer, sending the game into the second overtime.

Johnson finished with 15 points and 14 rebounds, Halbert with 13 points, Young with a dozen and Mike Urbach with 10.

Graig Hildreth led Moorhead with 22 points, Dan Retherford had 11 and Hanson and Renneke 10 each.

WSC cagers 1st in NIC

Winona State's basketball team, playing without super star Hershel Lewis, opened defense of its Northern Intercollegiate Conference championship by sweeping the loop openers at Bemidji State and Moorhead State Friday and Saturday. Lewis was unable to make the northern trip. He has an incomplete in the classroom to make up and will not return to the lineup until he does.

Lewis, a 6-5 senior guard, averaged 25.5 points a game through

WSC's first eight games this season.

Friday, WSC stopped Bemidji 72-69 as Roscoe Young poured in a season high 24 points. Saturday, WSC scrambled past Moorhead 73-62 in two overtimes, outscoring the Dragons 17-6 in the second extra period.

The victories gave WSC uncontested possession of first place in the NIC with a 2-0 record. Moorhead is 1-1 in the NIC after beating Bemidji 62-57 in overtime last Wednesday. Bemidji is 0-2.

In the only other NIC game played this year, Minnesota-Morris stopped Southwest State 75-66 in overtime Saturday. St. Cloud State and Michigan Tech have yet to play NIC competition.

The Warriors sport a 7-3 overall record and met Hillsdale (Mich.) College, coached by former WSC coach Ron Ekker, Monday in the first game in the new Memorial Hall gym. Tonight they travel to University of Wisconsin-Stout for another nonconference game.

WSC will travel to Southwest State Saturday for its next NIC encounter.

In other NIC games this week, Morris is at Bemidji tonight, Bemidji is at Michigan Tech Friday, Moorhead is at Tech Saturday and St. Cloud.

Warriors bump Bemidji 72-69

BEMIDJI, Minn. (Jan. 5) -- Winona State opened the NIC season with a 72-69 triumph over rival Bemidji State here tonight.

Playing without Hershel Lewis for the first time this year, Roscoe Young, Mel Halbert and Gus Johnson took up the scoring slack.

Young converted 11 of 13 field goal attempts to finish with a season high 24 points, including 15 in the first half to boost the Warriors to a 37-34 halftime lead they never relinquished.

Halbert canned seven of 14 from the floor to contribute 16 points

and Johnson dumped in a dozen points, pulled down 20 rebounds and blocked six shots.

Bemidji closed the gap to 47-46 in the second half before Halbert reeled off 10 consecutive points--including a pair of crucial three-point plays--to enable the Warriors to stay out in front for good.

Gary Wagner led Bemidji with 15 points, followed by Steve Anderson with 14, Frank Kopetka with 12 and Greg Beaumont with 11.

Ron Evjen also added 10 for WSC.

Herschel Lewis, the Warrior's standout, avoids an Augsburg player. Herschel racked up 18 points against Augsburg as the Warriors went on to an 84-62 triumph. (Photo Courtesy of Winona Sunday News.)

WSC consolation winner at Quincy Holiday Tourney

QUINCY, Ill. (Dec. 29) -- Winona State captured the consolation championship of the Quincy College Holiday Basketball Tournament here today with a 94-66 triumph over Oklahoma Christian.

Earlier in the tournament, WSC stopped Ouachita Baptist 98-82 in

the opening round.

Winna State's Hershel Lewis was named to the all-tournament team after he garnered high scoring honors with 83 points. Lewis dumped in 21 against Sam Houston, 32 against Ouachita Baptist and 30 against Oklahoma Christian.

With Gus Johnson in early foul trouble and with Mel Halbert having a horrendous night from the field, the Warriors were unable to battle Sam Houston on even terms, falling behind 40-32 at the half and unable to make up the difference after intermission.

Roscoe Young had 13 points in that game, which saw Sam Houston outshoot Winona 50-32 per cent and outboard WSC 57-45.

Against Ouachita, however, the tables were turned as WSC jumped to a 50-38 halftime lead and coasted to an easy victory as Mike Urbach recorded a career high 30 points and 12 rebounds.

This time the Warriors shot better, hitting 47 per cent to Ouachita's 41. Lewis hit 12 of 22 field goals and eight of eight from the free throw line to get his 32 points.

WSC continued its hot hand against Christian, leaping to a 42-30 lead at the half.

Lewis got his 30, while Johnson contributed 21 points and 18 rebounds, Young netted 14 points and 11 rebounds, Urbach had 11 points and Halbert 10.

Warriors stump Augsburg 84-62

WINONA (Dec. 16) -- Winona State, jumping out to a 40-36 halftime lead, coasted to an easy 84-62 triumph over Augsburg here today in the last game to be played in the old Memorial Hall gym.

The Warriors hit 40 of 99 field goal attempts as Gus Johnson led

WSC with 22 points and 17 rebounds.

Herschel Lewis contributed 18 points, Mel Halbert 16 and Roscoe Young 10.

Sheldon Anderson was Augsburg's lone player in double figures with 27 points--20 of them in the first half.

Rosco goes up for two. (Photo Courtesy of Winona Sunday News)

Wrestling coach Fran McCann and assistant coach Bill Hitesman are studies in concentration as they watch the Warriors hand defending NIC champs a stunning 21-9 setback. Bemidji, ranked No. 2 in the nation, managed to claim only three of 10 matches.

Warriors stop alumni 26-14

Winona State's wrestling team posted its third straight victory over an alumni contingent Dec. 10, claiming a 26-14 verdict on eight individual wins.

Varsity winners included Scott Miller, Kelly Stephens, Ron Lenocho, Jeff Olson, Ernest Middleton, Craig Halvorson and Dan Malm.

Miller decisioned Jo Arnold 5-1, Stephens decisioned Tom Reed 9-4, Lenocho beat Roger Miller 9-6,

Olson nipped Jim Hall 1-0, Middleton upset Ray Wicks 4-0, Halvorson edged John Bedtke 3-2 and Malm blanked Calvin Ripple 7-0.

The alumni got victories from Larry Marchionda, Pete Sandberg and Bill Hitesman.

Marchionda pinned Mal Squires in 1:05, Sandberg beat Dave Oelkers 3-1 and Hitesman struggled past John Strecker 6-2.

Three to quarter finals

Warriors at Midlands tourney

All 11 of Winona State's entries in the Midlands Wrestling Tournament at Evanston, Ill., were eliminated in the first day of competition Dec. 28, but not before three Warriors made it to the quarter finals.

Heavyweights Dan Malm and Kevin Immel and 134-pound Mal

Squires advanced to the quarters before being eliminated. Each won two matches before the ouster came.

Winona's Dave Parker (118), Lynn Babcock (142), Randy Hardy (150), and Ernest Middleton (190) won their initial contests before suffering defeat.

ISU scuttles WSC 118-70

BLOOMINGTON, Ind. (Dec. 13) -- Illinois State, playing what Coach Will Robinson called its best game of the season, clobbered Winona State 118-70 here today.

The 48-point margin tied an old WSC record for the worst defeat in the school's history and set another record for most points scored against WSC.

All-American and Olympic standout Doug Collins led bench

heavy ISU with 31 points, while Bubbles Hawkins got 18, Ron DeVries 17, Rick Whitlow 16, and Roger Powell 11 as ISU hit 54.9 per cent from the floor, canning 50 of 91 attempts.

Outrebounded 55-35 and trailing 56-30 at the half, WSC still put four players in double figures, Hershel Lewis and Mel Halbert with 18 apiece and Roscoe Young and Gus Johnson with a dozen each.

This week in sports

Basketball, Southwest State at Marshall, 7:30 p.m.

Jan. 15 - Co-Rec. Intramurals at 7:00 - 9:00 p.m.

WSC battered by De Paul 87-57

CHICAGO, Ill. (Dec. 12) -- Winona State, trailing only 33-32 at the half, dropped an 87-57 decision to De Paul University here tonight.

Hershel Lewis, ejected from the game after a fight which he did

not start, garnered high game honors for WSC with 21 points, while Roscoe Young contributed 16.

Al Burks and Bill Robinsone led De Paul with 19 and 18 points, respectively.

Student skiers can get discounts

A nation-wide organization of skiing college students has reduced the price of this once expensive sport. The Student Ski Association, in conjunction with over 150 ski areas, offers significantly reduced prices on lift tickets, ski lessons and ski equipment rentals. Similar in concept to the airline's youth fare cards, the program is open to college, professional and graduate students.

The Student Ski Association was founded and is directed by Kim Chaffee, a Harvard and Berkeley graduate, whose brother and sister are former Olympic skiers. Last year, during its fourth season, over 35,000 college students joined the organization.

Membership entitles students to savings of up to 50 per cent on lift tickets, lessons and rentals during the week. Saturday, Sunday and holidays the program brings at least a \$1 savings on lift tickets. In addition to these savings, the members also receive a monthly underground ski magazine, The STUDENT SKIER, along with the annual POOR HOWARD's College Guide to Skiing. Membership is \$5. There is no age limit, and no limit to the number of times the reduced rate membership may be used at any of the more than 150 participating ski areas.

Such prestigious ski resorts are: Mt. Snow, Waterville Valley, Sugarloaf and Mt. Tom in New England, Aspen Highlands, Jackson Hole, Park West, Taos, Squaw Valley and Kirkwood Meadows in the West and Big Powderhorn, Mt. Telemark, Schuss Mountain and Sugarloaf in the Midwest, grant Student Ski Association members low student rates.

The \$5 membership is offered with a money back guarantee through campus ski clubs, bookstores and by mail at the regional office: SSA Midwest, 2529 Gross Point Road, Evanston, Ill., 60201.

Interested in babysitting?

The offices of Financial Aids and Student Activities are compiling a list of all WSC students who are interested in babysitting positions. The list will be made available, upon request, to Winona area residents.

Any student who wants her/his name placed on such a list should submit his name, address, and phone number to Sharon Fruetel, Student Activities Office, Student Union by Monday, Jan. 15, 1973. (Students who have already indicated interest in babysitting to the Financial Aids Office on to the Sheehan Hall advisor need not re-submit their names. Their names will be included in the list unless they expressly indicate otherwise). WSC assumes no responsibility in regard to employment resulting from this service.

Summer in Spain

Augustana College of Rock Island, Illinois, is offering students an opportunity to study Spain for six weeks next summer.

Students will live and attend classes at the University of Ma-

drid, tour La Mancha and other historical places in Spain.

All interested persons should contact Dr. A. Doreste, Augustana College, Rock Island, Illinois, 61201 for complete information.

WSC staffer appointed Equal Opportunity director

Shyamala Rajender, assistant professor of chemistry at Winona State College, has been appointed full-time Director of Equal Opportunity for the Minnesota State College System, effective Jan. 1, Chancellor G. Theodore Mitau announced.

The position was established by the State College Board in August when it adopted an affirmative action program and established a Human Rights Compliance Commission to assist in assuring equal employment and educational opportunity for women and minorities within the State College System.

Dr. Rajender will serve as a resource person to the commission and to the Chancellor's Office on problems and issues related to affirmative action.

A member of Women's Equity Action League (WEAL) and the National Organization for Women (NOW), Dr. Rajender obtained her M.S. and Ph.D. degrees from the University of Wyoming. She received her B. Sc. degree in chemistry from the University of Madras in India.

Dr. Rajender served as research

associate and assistant professor of chemistry at the University of Minnesota from 1966-72.

Members of the Human Rights Compliance Commission are:

Robert Cobb, chairman of the health science department of Mankato State College and former chairman of the college's Task Force on Black Studies;

Abby Dawkins, St. Paul, a mem-

ber of the ACTION program of the Junior League and a member of the League of Women Voters; Kathryn Herring, a student at St. Cloud State College;

Sylvia Maupins, director of the Moorhead State College Educational Opportunities for Minority Students program;

Jonathan Morgan, St. Paul, assistant attorney general for the Minnesota Pollution Control Agency;

Harry Davis, Minneapolis, president of the Urban Coalition of Minneapolis; and

Mary Phillips, a teacher at Co-vern Elementary School in North St. Paul.

By-line

By Rick Graf

"Doctor Kissingoff you were selected the second most popular man of 1972. To what do you attribute your popularity?"

"You must succeed where a less fantastic man would fail, climb a wall no one else can climb. No matter the pain a man should be invincible. Impossible deeds should be his daily fare . . ."

"Doctor Kiss . . ."

"But where in the world, is there in the world a man so extraordinary. C'est moi, C'est moi, 'tis I."

"Doctor Kissingoff!"

"Yes."

"Are you conceited?"

"Of course not, I'm far too noble to lie."

"Great Lawyers" series scheduled at Mankato State

Thomas Sullivan, attorney who won the appeal for the Chicago Seven, will be among the nationally prominent attorneys visiting Mankato State College this winter quarter as part of a "Great Lawyer" series, sponsored by the MSC political science and philosophy departments.

Other attorneys scheduled for the series are Terry Lenzner, former chief of the OEO Legal Services Program and a lawyer in the Harrisburg conspiracy trial; Jack Scheinkman, secretary-treasurer of the Amalgamated Clothing Workers of America and former legal counsel for that organization; Richard Wasserstrum, faculty member of the philosophy department and law school at UCLA; Joel Hennings, former director of the consortium of the Adlai Stevenson Institute and now national director of Youth Education for Citizenship Projects sponsored by

the American Bar Association; James Manahan, attorney from Mankato; and Car Zerfoss, director of the Division of Advisory Service of Supervised Investors.

Sullivan will open the series Tuesday, January 16. In addition to the Chicago Seven case, he is known for his work defending Chicago policemen who executed the search warrant on Black Panther headquarters in December of 1969 during which two men were killed. He was also attorney in the case in which the Illinois Supreme Court held unconstitutional the classification of marijuana as "hard drugs" and in the "Contract Buyers League" cases in which he presented several thousand black purchasers of home on installment contracts.

The others are also scheduled for Tuesday afternoons and evenings during the quarter.

Recycle your Christmas cards

Don't throw your holiday cards away. Many organizations are interested in receiving used holiday cards for recycling. So if you are interested, send your holiday cards to any one of the following organizations: Occupational Therapy Dept., Abbott Hospital, Bushnell Building No. 1, 1101 East 18th St., Minneapolis, Mn. 55403; Activities Dept., Abenezer Home, 2545 Portland Ave., Minneapolis, Mn. 55404; Northside Settlement Services, 501 Bryant Ave. North,

Minneapolis, Mn. 55405; Chapel View Nursing Home, 615 Minnetonka Mills Road, Hopkins, Mn. 55343; Activities Dept., Masonic Home & Care Center, 1140 Normal Blvd., Bloomington, Mn. 55431; Messiah Lutheran Church, 2504 Columbus Ave., Minneapolis Mn. 55404; Phyllis Wheatley Community Center, 919 Fremont Ave. North, Minneapolis, Mn. 55411; Shalom Residence, 1554 Midway Park Parkway, St. Paul, Mn. 55108 (Hanuhkah card only.)

DPW and governor's internships available

Student internships are made available through the Governor's Internship Program and the Department of Public Welfare for spring quarter.

Internships are available in the various state hospitals and in other institutions. Types of internships available range from business management and personnel administration assistants, social service assistants, public assistants, public relation interns, li-

brarians, medical services assistants, recreational therapists, psychology interns, occupational and physical therapists.

Applications will be accepted for Department of Public Welfare state institution internships until three or four weeks prior to the beginning of the quarter.

Interested persons should see Bob Tritz in Somsen 216 for further information and applications.

MSC offers variety of experimental studies

Mankato State College now offers a wide variety of experimental study programs in nearly every department.

The MSC theatre department explores the backbone of the American theatre with their trip to New York City. The department also offers a summer excursion to London which follows the same objectives as the New York trip.

The Spanish department offers a

trip to Mexico to learn the language, or you could go to Mexico during spring break for geography.

The Outward Bound program sets you alone for 24 hours in a wilderness with nothing than maybe a piece of plastic and three matches.

Project Plunge consists of five weeks and nine credits. Students are "plunged" into the ghetto of a large city, after first completing the research for the plunge

in a model city. Students learn more about life in the slums in a week than any book can tell.

The history department is offering a course called "Oral History." The class meets one evening a week in a nursing home. There they can listen to the elderly reflect on the prohibition era, the World Wars, and the Great Depression as they lived then.

Dr. H. Roger Smith of the MSC Urban Studies program probably best summed up the experimental learning process by saying: "We can teach all kinds of theories, but there is only one way to know how to respond - and that is by having it happen to you."

Concert at CST

Mr. Charles Pederson, artist teacher of guitar at the College of Saint Teresa, Mr. Wesley Abbott, Luther College tenor, and Mr. John Kaplan, Rochester, viola da gambist, will be presented in a Music Department Concert on Thursday, Jan. 11 at 8 p.m. in the College of Saint Teresa Auditorium, Winona. The concert is open and the public is invited to attend.

On the first half of the program are Elizabethan airs for tenor with guitar and viola da gamba accompaniment composed in 1606 and 1612 by John Danyel and William Corkine. Solos from the Elizabethan period will also be sung and played by the three performers, each of whom has great interest and expertise in the field of early music. Mr. Pederson and Mr. Kaplan design, make and play a wide variety of renaissance instruments. Mr. Abbott, assistant

professor at Luther College and Governor of the Northern Region of the National Association of Teachers of Singing, appears frequently as tenor soloist and recitalist with early music groups.

During the second half of the program, Dominick Argento's "Letters from Composers" will be performed. The compositions and standing of Mr. Argento are well known in the area because of his years at the University of Minnesota and frequent performances of his works. His most recent major work, "A Ring of Time" was commissioned and recently premiered by the Minnesota Orchestra. Letters written by Chopin, Mozart, Schubert, Bach, Debussy, Puccini, and Schumann to friends, a father, a fiancée, and a Town Council provide the texts which Argento has set according to his concept of each composer's temperament and style.

Advice column will start if you want it

Starting Jan. 10, the "Winonan" will have its own "Dear Abby," Nona. Nona welcomes problems and questions on any subject from abortion to roommates to how to get into over 21 bars if you're under 21.

Letters to be printed will be chosen by random selection.

Please do not sign letters, as no actual names or places will be published.

Address all correspondence to "Dear Nona," c/o "Winonan."

editorials opinions

We're expanding!

It is time for the Winonan to assume a new look again, and beginning with this issue we will be expanding to twelve pages. That means that we will have more

room for you to use. We will have more room for your letters and more room for your news. This is your paper, and we invite you to use it.

Make yourself useful

Once again there is a short article on the front page informing the students of committee openings on the campus.

One of the committees is the Constitutional Drafting Committee. The purpose of this particular committee is to draw up a new college constitution, one in which the students have an equal voice.

Some of the students at WSC have a favorite pastime of con-

demning everything and putting everything down, complaining that the students on this campus have nothing. Well, to those of you who like to complain, why don't you do something constructive for a change and get involved in a committee that may be able to do something for you?

It's probably been said before, but if you don't bother to get involved, don't complain!

By Terry Olson

Right before the holidays I had the opportunity to talk to a WSC student who claimed credit for the rather poor paint job done on the Performing Arts Center. The individual stated a number of reasons for painting the slogans on the building, some of which I shall relate to you.

Reason number one for the painting is because the student feels that David Cross is being unjustly persecuted for taking part in the anti-war demonstrations of last spring. The painter feels that the college is under pressure from 3M Corporation to find a scapegoat or lose scholarship money it provides to the school annually.

The second reason is because the defacing and damaging of public property is the best way to slap the establishment in the face. And since the college administration needs a slap in the face what better way to do it than mar an expensive brand new building? At least that is the attitude taken by the painter.

Reason number three is because the student-turned-painter feels that broadcasting a grievance in such a manner is the best way to gain the attention of potential sup-

port for the David Cross cause.

As for the accusation that the president of this college is a liar the painter stated the "Du-Fresne is in the same boat as two pigs named Nixon and Agnew, thus he deserves the same disrespect...." The student also claimed that final part of the message to be a statement of fact and not one of opinion.

On January 3rd this writer had the opportunity to hear Governor Anderson's "State of the State" address. Basically it was a very good speech except when he spoke on education. In that portion the Governor called for a cut in spending on education because of empty dorm rooms and other empty buildings at certain campuses in Minnesota. It seems unfair that Winona State should be forced to suffer simply because Mankato State is losing a large number of students. Hopefully the State Legislature will rectify that situation and begin to consider the needs of each college on an individual basis. Why not drop Laufenberger and McCauley a note expressing your views. They would like to hear from you.

(Editor's note: This week marks the beginning of a new column by Steve Einhorn, a senior in Education. The column is entitled Dear Rog because it is aimed at last year's editor, Roger Runnigen.)

Dear Rog,

5 a.m. That's important to know to realize what I am about to relate.

I was just ambling through the back corridors of my mind and found a light on in one of the rooms near my internal fire escape. It was an old memory of the origin of marriage, as a theory once proposed to me. Since it is appropriate to women's lib, I decided to sit there and remember it for awhile. And now, out loud.

Someone once told me that women invented marriage. My intelligence was primed to fault his argument and my wit was ready to tear him to shreds, so I urged him on by saying, "hun." He continued. Back at the dawn of civilization there was no civilization it only came about when life was getting more complex. Well, it seems that all the men were hooked on spice, variety being the spice of life, as they say. Naturally it got to be a little bit tiresome for the women to keep getting pregnant, so they got together and formed the first union. Probably there was no picket line, but the results were the same. After all, you can only sweat out a strike for so long. Finally, the men capitulated to the terms: one woman all the time and at least some help in raising the children.

When I said that I thought his

story was pretty far-fetched, he replied with, "why would a man want to be tied down to one woman for the rest of his life?" I was back to saying "hun".

I'm betting on getting some healthy reaction from this, Rog.

Dear Rog,

JEROME

by
Jerome
Christensen

I want to talk about Dave Gross. I also want to talk about Ken Meyer and Marjorie Dorner and the other eight faculty members who have been informed that they are being "non-renewed." I want to talk about stopping this mass "Non-renewal" from taking place.

That's not going to be an easy thing to do. It's going to take a lot more than a \$1.79 can of spray paint and two or three slogans to save eleven jobs. By now I think it should be clear to everyone that it's time to put away the toys of an adolescent knee-jerk radical and start using the tools we need to use to change an unpleasant political reality.

Dr. DeFresne may be many things on many issues, but when he announces the need for budget cuts to make up for declining enrollments he's not telling any lies.

Cutting faculty positions is the technique they chose to meet these cuts. What we must do is devise ways to circumvent the 19 to 1 student-faculty ratio set for the state college system by the state legislature or influence the legislature to change the ratio. To do this we're going to need

facts, we're going to need imagination, we're going to have to do a lot of dull, plodding, unrewarding shitwork. But its the only way we'll get results.

I imagine that quite a few people aren't going to like my comments. They'll say I'm "selling out", being "co-opted". They'll say that we can't get anywhere working "within the system". They may be right. But I know that running around campus playing "Che" with a can of spray paint or sending a few simplistic lines of vulgar bombast to the "Winonan" won't save any jobs, except for the janitor who has to clean up the mess.

It's not pleasant for me, one who has never had the slightest affection or respect for the Student Senate or for most of its members to find that Tim Penny and some of the Senate people have done quite a bit of research concerning this issue. If you want to DO something, not just shoot off your mouth, get in touch with Tim. It seems that on this issue at least, the self-proclaimed campus political vanguard got passed up.

Smile. It adds to your face value.
